**INTERVIEW SUMMARY**

Applicant appreciates the Examiner's initiative in contacting Applicant's representative, Scott Lund, regarding furthering this case to issuance. During a telephonic interview conducted January 25, 2008, the Examiner and Applicant's representative discussed pending claims 15, 25, and 33-50. With the understanding that pending claims 15 and 25 would be allowed, Applicant agreed to the cancellation of pending claims 33-50 without prejudice by Examiner's Amendment.

Applicant submits that the agreement to cancel pending claims 33-50 without prejudice is being made to further prosecution and permit the issuance of a patent on the allowable subject matter, and contends that such agreement should not be construed as acquiescence by Applicant in any outstanding objections or rejections. In addition, Applicant reserves the right to pursue the content of any cancelled claims in a continuing application.
